Strategies to Reduce Relapse after Hematopoietic Cell Transplantation

Session Date: 05/03/2022

Session Time: 11:00 – 11:45 AM (CST)

Target Audience

This continuing education (CE) session was planned to meet the needs of professional staff who deal with the selection and monitoring of medication(s) as part of their patient care duties, including pharmacists, RNs, APRNs, PAs, MDs.

Activity Overview

For many hematologic malignancies standard chemotherapy alone will not provide a cure, or even a durable response. In contrast, an allogeneic hematopoietic cell transplant (HCT) offers a chance at cure for many patients. Unfortunately, the possibility of cure comes with serious risks including graft-versus-host disease, organ damage, infections, and surprising to some is disease relapse despite HCT. Disease relapse is the leading cause of treatment failure and mortality after an allogeneic HCT. Therefore, it has become vital to find strategies aimed at preventing disease recurrence after HCT. This presentation will review pharmacologic agents utilized in the maintenance setting to reduce risk of relapse based on current literature and guideline recommendations.

Learning Objectives

At the conclusion of this knowledge-based CE session, participants should be able to:

1. Describe the basic principles of maintenance therapies after allogeneic HSCT
2. Discuss evidence and guideline recommendations for maintenance therapies after allogeneic HSCT for acute lymphoblastic leukemia
3. Review evidence and guideline recommendations for maintenance therapies after allogeneic HSCT for acute myeloid leukemia

Faculty Information

Kaylee A. Clark, PharmD
PGY2 Oncology Pharmacy Resident
Mayo Clinic Hospital - Rochester, MN

Kaylee received a Doctor of Pharmacy degree from the University of Minnesota in Minneapolis, MN with subsequent completion of a PGY1 residency at the University of Michigan in Ann Arbor, MI. She is a current PGY2 Oncology Pharmacy Resident at Mayo Clinic Hospital – Rochester with practice interests include hematology, oncology, and transitions of care.

Approved Provider Statement

JOINT ACCREDITATION™
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, this activity is planned and implemented by Mayo Clinic College of Medicine and Science. Mayo Clinic College of Medicine and Science is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC) to provide continuing education for the healthcare team.

Credit Statements

AMA

Mayo Clinic College of Medicine and Science designates this live activity for a maximum of 0.75 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ACPE

ACPE Universal Activity Number (UAN): JA0000238-0000-22-139-L01-P

Mayo Clinic College of Medicine and Science designates this educational activity for a maximum of 0.75 ACPE Knowledge-based contact hours. Participants should claim only the credit commensurate with the extent of their participation in the activity

ANCC

Mayo Clinic College of Medicine and Science designates this activity for a maximum of 0.75 ANCC contact hours. Nurses should claim only the credit commensurate with the extent of their participation in the activity.

AAPA

Mayo Clinic College of Medicine and Science has been authorized by the American Academy of PAs (AAPA) to award AAPA Category 1 CME credit for activities planned in accordance with AAPA CME Criteria. This activity is designated for 0.75 AAPA Category 1 CME credits. PAs should only claim credit commensurate with the extent of their participation.

Educational Format and CE Requirements

This CE session is available as a live presentation, including live webcast.

Participants must complete the following to record attendance and obtain CE credit:

1. Attend the entire session.
2. Text the session code to 507-200-3010 within 48 hours of the live presentation to record attendance.
 - a. This number is only used for receiving text messages related to tracking attendance
 - b. Employees are encouraged to create a contact in their mobile phone, as the same number is used to record attendance for every session
3. Complete the online evaluation for the respective session within 2 weeks of live presentation.

Pharmacist CE credit is electronically transferred to the National Association of Boards of Pharmacy CPE Monitor. To track CE, please go to [NABP CPE Monitor](#).

Non-pharmacist attendees can print out a record of attendance at ce.mayo.edu after completing the evaluation and claiming credit.

Live attendance: Rochester, Saint Mary's Campus, ALF_MN_459

Live virtual attendance via [Zoom link](#)

Disclosure Summary

As a provider accredited by Joint Accreditation Interprofessional Continuing Education, Mayo Clinic College of Medicine and Science (Mayo Clinic School of CPD) must ensure balance, independence, objectivity and scientific rigor in its educational activities. Course Director(s), Planning Committee Members, Faculty, and all others who are in a position to control the content of this educational activity are required to disclose all relevant financial relationships with any commercial interest related to the subject matter of the educational activity. Safeguards against commercial bias have been put in place. Faculty also will disclose any off label and/or investigational use of pharmaceuticals or instruments discussed in their presentation. Disclosure of these relevant financial relationships will be published in activity materials so those participants in the activity may formulate their own judgments regarding the presentation.

Listed below are individuals with control of the content of this program:

The faculty report the following relationships:

- Kaylee A. Clark, PharmD
 - Declares no financial relationship(s) pertinent to this session
 - Declares off-label use of medications will be discussed during this presentation, including:
 - Azacitidine
 - Dasatinib
 - Gilteritinib
 - Imatinib
 - Midostaurin
 - Sorafenib

Course Director and Planning Committee Members declare no relevant financial relationship(s) pertinent to this session. Members include:

- Jennifer Elmer, DNP, APRN, CCNS
- Michael Huckabee, MPAS, PA-C, PhD
- Sarah Jane Kotval, BSW
- Wayne Nicholson, MD, PharmD, BCPS
- Garrett Schramm, PharmD, FCCP
