Give it a Shot! Long-Acting Injectables in HIV Therapy

Session Date: 05/09/2023

Session Time: 11:00 – 11:45 AM (CST)

Target Audience

This continuing education (CE) session was planned to meet the needs of professional staff who deal with the selection and monitoring of medication(s) as part of their patient care duties, including pharmacists, RNs, APRNs, PAs, MDs.

Activity Overview

Human Immunodeficiency Virus (HIV) remains an incurable yet well-manageable disease. With advances in antiretroviral therapy and a focus on public health efforts, new infections have been reduced by 54% since their peak in 1996 and AIDS-related deaths have been reduced by 68% since their peak in 2004. Despite significant strides in treatment and prevention, an estimated 38.4 million people were living with HIV in 2021 with about 1.5 million new infections occurring that year. Antiretroviral agents have remained the mainstay of both treatment and prevention since their introduction in the 1980s, with newer generations of medications improving on effectiveness, tolerability, and convenience for patients. This presentation will review literature that led to the introduction of two-drug regimens for patients with HIV, focusing on novel, long-acting injectable formulations of cabotegravir and rilpivirine. In addition to discussing the role in therapy of injectable formulations, the presentation will also call attention to populations for which special care or consideration may be warranted when using these agents, including patients who are transgender, pregnant, obese, or co-infected with hepatitis B.

Learning Objectives

At the conclusion of this knowledge-based CE session, participants should be able to:

1. Summarize the literature leading to the introduction of two-drug regimens for HIV treatment.
2. Discuss the place in therapy of injectable cabotegravir and rilpivirine among HIV therapy options.
3. Describe considerations for cabotegravir and rilpivirine in select patient populations.

Faculty Information

Christopher R. Cahoon, PharmD
PGY1 Pharmacy Resident
Mayo Clinic Hospital - Rochester, MN

Christopher received a Doctor of Pharmacy degree from the University of Utah College of Pharmacy and is a current PGY1 pharmacy resident at Mayo Clinic Hospital – Rochester. His practice interests include hematology/oncology, infectious diseases, and internal medicine. Christopher will be completing his PGY2 pharmacy residency in hematology/oncology next year at the Huntsman Cancer Hospital in Salt Lake City, Utah.

Approved Provider Statement

JOINT ACCREDITATION™
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, this activity is planned and implemented by Mayo Clinic College of Medicine and Science. Mayo Clinic College of Medicine and Science is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC) to provide continuing education for the healthcare team.

Credit Statements

AMA

Mayo Clinic College of Medicine and Science designates this live activity for a maximum of 0.75 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ACPE

ACPE Universal Activity Number (UAN): JA0000238-0000-23-007-L01-P

Mayo Clinic College of Medicine and Science designates this educational activity for a maximum of 0.75 ACPE Knowledge-based contact hours. Participants should claim only the credit commensurate with the extent of their participation in the activity

ANCC

Mayo Clinic College of Medicine and Science designates this activity for a maximum of 0.75 ANCC contact hours. Nurses should claim only the credit commensurate with the extent of their participation in the activity.

AAPA

Mayo Clinic College of Medicine and Science has been authorized by the American Academy of PAs (AAPA) to award AAPA Category 1 CME credit for activities planned in accordance with AAPA CME Criteria. This activity is designated for 0.75 AAPA Category 1 CME credits. PAs should only claim credit commensurate with the extent of their participation.

Educational Format and CE Requirements

This CE session is available as a live presentation, including live webcast.

Participants must complete the following to record attendance and obtain CE credit:

1. Attend the entire session.
2. Text the session code to 507-200-3010 within 48 hours of the live presentation to record attendance.
 - a. This number is only used for receiving text messages related to tracking attendance
 - b. Employees are encouraged to create a contact in their mobile phone, as the same number is used to record attendance for every session
3. Complete the online evaluation for the respective session within 2 weeks of live presentation.

Pharmacist CE credit is electronically transferred to the National Association of Boards of Pharmacy CPE Monitor. To track CE, please go to [NABP CPE Monitor](#).

Non-pharmacist attendees can print out a record of attendance at ce.mayo.edu after completing the evaluation and claiming credit.

Live attendance: Rochester, Saint Mary's Campus, ALF_MN_459

Live virtual attendance via [Zoom link](#)

Disclosure Summary

As a provider accredited by Joint Accreditation for Interprofessional Continuing Education, Mayo Clinic College of Medicine and Science must ensure balance, independence, objectivity and scientific rigor in its educational activities. All who are in a position to control the content are required to disclose all financial relationships with any ineligible company. Faculty will also identify any off-label and/or investigational use of pharmaceuticals or instruments discussed in their content for FDA compliance.

Listed below are individuals with control of the content of this program:

The faculty report the following relationships:

- Christopher Cahoon, PharmD
 - Declares no financial relationship(s) pertinent to this session
 - Declares off-label use of medications will not be discussed during this presentation.
-

Course Director and Planning Committee Members declare no relevant financial relationship(s) pertinent to this session. Members include:

- Jennifer Elmer, DNP, APRN, CCNS
- Andrew Herber, PA-C
- Sarah Jane Kotval, BSW
- Scott Nei, PharmD, BCPS, BCCCP, FCCM, FMSHP
- Wayne Nicholson, MD, PharmD, BCPS
- Garrett Schramm, PharmD, FASHP, FCCP

All relevant financial relationships have been mitigated.
